

Built-up Density Across Mumbai Wards

Built-up Density
(Built-up Area / Ward Area)

Data Sources:

- Ward Boundaries: Municipal Corporation of Greater Mumbai (MCGM), Open Data Portal
- Building Footprints: OpenStreetMap (OSM), extracted via Geofabrik

Methodology:

- Built-up area calculated by aggregating building footprints within each ward
- Built-up Density computed as: Built-up Area / Ward Area
- Spatial analysis and cartographic design performed in QGIS

Coordinate Reference System (CRS):

- EPSG:32643 – WGS 84 / UTM Zone 43N
